NOTE: If the State exercises its option to extend the contract, any administrative rate increase applicable to years 2004 and 2005 shall not exceed the amounts specified in this paragraph. The administrative rate increase shall be measured by the change in the AMedical Care® expenditure category of the Consumer Price Index for all Urban Consumers (CPI-U Medical) for the Baltimore/Washington published metropolitan area, unadjusted for seasonal variation. The measurement period shall be the 12-month period ending December 31 preceding the option period. For example, the adjustment for the contract year beginning 6/1/2003 shall be based upon the CPI-U change in the year 2002 versus the year 2001.
